SUMMARY

Third-year Software Engineering undergraduate at the University of Kelaniya with a strong passion for full-stack development and cloud technologies. Experienced in building practical, real-world solutions using modern tech stacks. Motivated to contribute to impactful projects, excel in collaborative environments, and continuously grow as a developer and team player.

EDUCATION

B.Sc.(Hons.) Software Engineering

University of Kelaniya

April 2024 – Present

- CGPA : 3.68
- Specializing in Net-Centric Applications, Data Science and Engineering Applications and Health Informatic Applications domains

G.C.E. Advanced Level

C. W. W. Kannangara Central College, Mathugama

2013 – 2021

- Physical Science Stream
- Z – score : 1.4867
-

SKILLS

Frontend : React, JavaScript, HTML5, CSS, Tailwind CSS

Backend : Springboot, Express.js, Node.js, Java, PHP

Database : MongoDB, MySQL

Cloud : AWS

Tools : Git, Docker, Figma

PROJECTS

MERN E-Commerce App – Individual

[Github Repo](#)

Developed a full-stack e-commerce platform with secure user authentication, product management, shopping cart, and order processing features. Implemented responsive UI for seamless user experience. Used REST APIs for frontend-backend communication and Docker for deployment.

- **Technologies** : React, Node.js, MongoDB, JWT, Docker, Redux, Axios
-

house-renting-website – Group Project

[Github Repo](#)

Developed a role-based house renting web application that enables members to browse and purchase houses, managers to manage property listings, and admins to oversee users, discounts, and reports. Implemented secure authentication, Stripe payment integration for test transactions, and a responsive multi-module UI. Collaborated in a team-based development environment with shared module ownership and integration testing.

- **Technologies** : PHP, MySQL, Stripe, HTML, CSS, JavaScript, Bootstrap
-

ChatSphere – Individual

[GitHub Repo](#)

Built a full-stack real-time chat application that supports private with a modern, responsive UI. Implemented secure JWT-based authentication and authorization, real-time messaging with live updates, online user status tracking, and chat history. Developed scalable RESTful APIs and socket-based communication to ensure fast, reliable, and seamless user interaction across all devices.

- **Technologies :** MongoDB, Express.js, React, Node.js, Socket.io, JWT, Axios, Tailwind CSS, Vite, REST API

ReserveX– Group Project

[GitHub Repo](#)

Built a full-stack stall booking platform for the Colombo International Book Fair with interactive floor-plan based stall selection, dual vendor and admin portals, and role-based access control. Implemented secure JWT authentication, automated email confirmations with QR-coded receipts, and real-time analytics dashboards for reservation tracking. Developed scalable RESTful APIs using Spring Boot and responsive React-based interfaces for smooth and efficient user experience.

- **Technologies :** Java 17, Spring Boot, Spring Security, React, MySQL, JWT, SMTP, Axios, Vite, Maven

MindBot – Individual

[GitHub Repo](#)

Built a full-stack AI chat application (MindBot) that provides real-time streaming conversations using Google Gemini API. Implemented user authentication, guest mode, and chat history with search and session management. Designed a responsive UI with multiple themes and message features like edit and copy. Developed scalable backend APIs with Node.js and Express, and a React frontend for smooth user experience across devices.

- **Technologies:** React, Node.js, Express.js, Gemini API, SSE, Tailwind CSS, Docker, REST API.

CERTIFICATES

- Introduction to Java – sololearn
- Java Intermediate – sololearn
- Diploma in Website Development using HTML and CSS – Alison
- Deliver with DevOps – Microsoft

VOLUNTEERING

- | | |
|---|----------------|
| • Member, IEEE Student Branch | 2024 – Present |
| • Member, Software Engineering Students' Association (SESA) | 2024 – Present |
| ▪ Finance coordinator of JuniorHack 7.0 : 2025 | |
| • Head of IR & IE, IEEE WIE Student Branch | 2025 – Present |

LANGUAGES

- English : Professional Proficiency
- Sinhala : Native Proficiency
